Re: Petitions of WorldCom, Inc. and AT&T Communications of Virginia, Inc.  
Pursuant to Section 252(e)(5) of the Communications Act for Preemption  
of the Jurisdiction of the Virginia State Corporation Commission  
Regarding Interconnection Disputes with Verizon Virginia Inc., and for  
Expedited Arbitration, CC Docket Numbers 00-218 & 00-251

Dear Ms. Dortch:

Enclosed for filing on behalf of Verizon, AT&T, and WorldCom, please find revised copies of the amendments and pricing schedule exhibits to the Verizon-AT&T and Verizon-MCI interconnection agreements (the amendments are for AT&T Communications of Virginia, Inc. and MCI Metro Access Transmission Services of Virginia, Inc.; identical amendments will be developed for the other AT&T and MCI entities that were parties to this proceeding once the Bureau has ruled on the pricing schedules submitted here).

These reflect the parties' recent agreement, as a result of ongoing negotiations, on the design time component of the non-recurring UNE rates. As noted in footnote 2 (AT&T) and footnote 4 (MCI) of these documents that the parties previously submitted, this issue was unresolved when the parties filed the interconnection agreement amendments and pricing schedule exhibits on March 24, 2004. The revised documents that the parties file today remove that footnote and contain the revised non-recurring rates reflecting resolution of this issue. For your convenience, the parties are filing both clean and red-lined versions of these documents. Please note that the parties have not resolved the disputes concerning the language and rates identified in Tabs 3 and 4 (and discussed in Tab 5) of the parties' March 24 filing.

Please contact me with any questions in this regard at (202) 663-6000.

Sincerely,

Samir Jain
